RE: Millcreek Youth Center - Walk-In Freezer Emergency

Please see the attached information regarding \$1,286.08 (\$1,003.00 + \$283.08) in emergency repairs completed to the walk-in freezer at Millcreek Youth Center (MCYC).

This was the second time the vendor Sub Zero came to the facility to repair their walk-in freezer. For the first instance, the vendor was chosen by the Building Supervisor at MCYC because it was determined Sub Zero was the only company available, and able to work on low-temp refrigeration. There was not a contracted vendor identified meeting this criteria. The first repair was completed and intended to be processed using Small Purchasing rules for \$283.08. It has not yet been paid and will be included with the second repair for this Emergency Procurement.

Five days after the initial repair the walk-in freezer again stopped working and the Building Supervisor at MCYC contacted Sub Zero who was able to come out and repair before any product spoiled. The repair this time cost \$1,003.00. Due to the urgency to repair the freezer before significant food loss, completion of quotes or a sole source was not feasible. The Building Supervisor contacted the company he knew could repair the issue in a timely manner.

Attachments:

- Email notification and resolution of first time walk-in freezer was repaired
- First repair invoice \$283.08
- Email notification of second instance of freezer failing and being repaired
- Purchase order and invoice for \$1,003.00

Approval of this Emergency Procurement,

Good news indeed!

Good news! The freezer is fixed, we saved most of the food, and the repair amount is less than \$300. Attached is the invoice for your reference.

The concern was that a compressor was out which would have been quite an expensive repair. That said, it was minor.

We will pay this using small purchasing rules. Please let me know if you have any questions. Thanks!

We've called several vendors and none of them were able to come out and look at the freezer immediately. We finally got a hold of one vendor that is on their way now to look at it. We have no idea what kind of a cost estimate we are looking at. Dave Snowball was off today and is our BAS contact. When he comes back tomorrow, we can engage him as well.

We are already looking at some food loss. We have meat that's frozen and still okay but if we don't get it fixed by tomorrow, we'll probably lose a lot of meat as well.

We'll keep you posted.

Hello,

We have a walk-in freezer at Millcreek Youth Center that is not working. We don't want to lose the food we currently have in the freezer and we don't have someone on state contract to fix this item.

We will be reaching out to vendors to see who we can have come urgently to look at the freezer and assess it.

I'll keep you posted on what we find and the related costs for repair.

Thank you!

Subject: Walk In Freezer

To: Marie Magre DHS <mmmagre@utah.gov>, Saskia Prince DHS <sprince@utah.gov>

Good afternoon Ladies,

The walk in freezer is not working, Dannie said something was loose and he tightened it, but it is making a loud bang every few minutes. Without Alex or Lisa here, I am not sure what vendor we have used in the past, I was wondering if you knew what vendor we have used on contract? It is looking like we will need to get someone here pretty urgently so the freezer food doesn't thaw.

Sincerely

Hello.

On Monday, May 17, we notified OFO that the walk-in freezer at MCYC quit working. They struggled getting vendors to respond and finally located a vendor, Sub Zero, that was able to fix it at a very low cost on the same day. We luckily had minimal food loss.

It came to my attention today that the same freezer system went down about 5 days later. MCYC contacted the same vendor who immediately came out and did more extensive repairs to fix it. The second invoice has come in just above \$1,000.

I wanted to make you aware that we had to engage the same company a second time. Alex, can you please respond to all and attach the invoice?

Please advise on how you'd like to handle this for payment as it relates to the initial Emergency Procurement situation. Thank you!

Saskia,

The week before last, our walk-in went down and ruined some of our product.

The only company that was

- a) available and
- b) works on "Low-temp refrigeration,"

...was off contract. They came out immediately and got us running again. 5 days or so later, the Freezer went down again and they were able to come out before the product spoiled. Their repair was just a few dollars over \$1,000. Is there anything else I need besides a justification for each of those instances? Thank you,

Alex Lukehart **Building Supervisor** Millcreek Youth Center 790 W 12th Street Ogden Utah, 84404 801-334-0225 (Office) 385-260-9238 (Cell)
